**Dear Shito Ryu Karate friends,**

**It will be the fifth time since the creation of European Shito Ryu Karate Federation that we celebrate our sporting activities at the Championships. The first four Championships were held in Slovakia, in the country which initiated the creation of ESHRKF. It is an honor for us that the organization of the fifth Championships is again in Slovakia.**

**Last Championships were marked by a spirit of quality sporting performance and number of participants, especially in the youth categories. We expect that our efforts will achieve higher quality at our competitions.**

**With all our heart We wish all the participants and organizers lot of sporting success and happiness.**

**Thank you for coming to Nové Zámky.**

Town Nové Zámky has a distinguished history. From the second half of the 10th century until 1918, it was part of the Kingdom of Hungary. A fortress was built, against the Ottoman Turks, on the site of an older settlement in the years 1573–81. Between 1589 and 1663, the settlement was the seat of the Captaincy of Lower Hungary. The town developed around the fortress. The huge new fortress was one of the most modern fortresses in Europe when it was built, a prime example of the star fortress which was considered to be adapted to the advance in artillery in the preceding centuries.

The Turks failed to conquer it six times (except Turkish rule between 1566–1595 and 1605–1606, but in 1663 they managed to do so. It was made the center of a Turkish eyalet in present-day southern Slovakia – with the subordinate sanjaks of Litra, Leve, Novigrad, Holok, Bukabak and Šefradi.

The saying "Strong as a Turk in front of Nové Zámky", which means working with determination and stability, reflects the memory of conquest determination of the Turks.

In 1685 it was conquered by the imperial troops of Charles V, Duke of Lorraine. Six years later, it received town privileges from the Esztergom archbishop.

The town also played an important role in many anti-Habsburg uprisings in the northern parts of Royal Hungary in the 17th century. Emperor Charles VI had it razed in 1724–1725, to prevent potential further insurrections which would use the fortress as their base.

After break-up of Austria-Hungary in 1918/1920, the town became part of newly created Czechoslovakia. As a result of the First Vienna Award, it was occupied by Hungary between 1938 and 1945. Finally, during World War II (1944), the town was heavily damaged by bombings of the Allies. Only small parts of the fortress are still standing today. It is, however, still depicted on the city's coat of arms.
